PROPOSITION 2

NOVEMBER 6

WHY VOTE A \$14,150,000 DEBT TO ONLY SKAGIT COUNTY RESIDENTS THAT DOES NOT SOLVE ALL THE FLOOD PROBLEMS FOR ALL THE PEOPLE?

- **FLOOD DAMAGE REDUCTION:** We are not provided total flood damage protection throughout Skagit County.
- **PEOPLE:** Not all residents of Skagit County would experience a reduction in flood damages and hazards to life.

- **LAND:** Why pay for protection of land that would be purchased by outsiders for development.
- **TRANSPORTATION:** Road, highway and rail traffic would still be disrupted during 100 year floods.
- **WATER QUALITY:** The impact to water quality during flooding would not be totally reduced.
- **FISH & WILDLIFE:** Habitat would be reduced due to vegetation clearing and food resources. Also resulting in increased development in newly protected areas.
- **CULTURAL RESOURCES:** Historic sites will be adversely affected by construction.
