Re: Skagit River Lower Levee  
Project - Nookachamps Study  
Request

Dear Colonel Poteat:

As a result of the public meeting held December 20, 1978 in Mount Vernon regarding the Lower Levee Project, Skagit County does hereby request the U. S. Army Corps of Engineers to perform a study of the Nookachamps area in which backwater from the Skagit affects this area in flood stage as a result of the Lower Levee Project. The County has discussed the possibility of a study in the Nookachamps area with Mr. Forest Brooks and Mr. Vernon Cook of the Corps and these gentlemen have a good understanding of the need for study of this area.

Thank you very much for your assistance in this matter. Skagit County will make every effort to cooperate fully in coordinating any needed information or supplying available data for this study.

Very truly yours,

BOARD OF SKAGIT COUNTY COMMISSIONERS

*Howard Miller*  
Howard Miller, Chairman

*Bud Norris*  
Bud Norris, Commissioner

*Jerry L. Mansfield*  
Jerry Mansfield, Commissioner
