REMARKS

On 9 April 79 I received a call from Mr. Don Nelson of Skagit County. The Skagit County Commissioners have received a letter from the Conservation District expressing the concern of the Samish people over the selection of 3e. They do not want the Samish to be a relief valve for the whole Skagit system and do not want a weir. They would like all farmland to have 50-year protection and let nature break the levee where it will. The county is setting up a meeting with the Samish people for the evening of the 23rd or 24th of April. I told him that Vern and I could attend on Tuesday 24 April 1979. The County Engineers will come to our office Thursday, 19 April 1979 to discuss this and other items of interest. They also asked that Vern stop by at 3 p.m. on 17 April to talk to the Commissioners prior to going to the pig roast. Vern should call Don Nelson (336-9400) on Monday, 16 Apr if he cannot do this. **DO NOT use this form as a RECORD of approvals, concurrences, disposals, clearances, and similar actions**
