Remarks, Comments, Concerns

have become aware of the proposal  
I  
the dikes in Burlington offering flood protection to use  
Mt. Vernon and B. also while leaving Sedro Woolley  
und. water. This is totally out of control!! Nearly  
8  
we loaded and the came  
wit in 3 blocks south of my home but my home  
has never loaded and is not in the flood zone. By  
town to be flooded to at least 4 blocks north  
her. Every single h  
of my house and possibly furt  
insurance and property values would probably decrease  
resident of Sedro Woolley would have to purchase  
due to flood zones. You're exposing my  
hard earned properties risk and  
an entire Sedro Woolley. Please reconsider and  
dikes and no Woolley alone!!!
