### Remarks, Comments, Concerns

I live in Janicki Cove. We have been asked to remove all Park Motel housing units, storage sheds, and other structures that can hinder the flow of water in the flood way. This would cause the water to rise in the flood plain. This was initiated by FEMA, EPA and other government agencies. Now it appears the Army Corp of Eng. is going to raise dykes and put in new dykes that will do exactly what Janicki Cove has to remove our structures to prevent what the dykes will do. Do these government agencies talk at all? You go figure. Every one get thier act together.
