Remarks, Comments, Concerns

This is a request that there would be an immediate study on the environmental impact for Sedro Woolley. As a business owner, a flood would devastate my business as well as all others including residents, -as well as my own. Business owners along with the chamber have done so much to improve our wonderful community and I see it growing. Please do a study so there can be improvements made to avoid a disaster such as a flood.

Thank You,
Kristi Curtis
