Remarks, Comments, Concerns

It seems that areas with ^{big} business and the biggest towns will benefit from the proposed plan. The impact on small business and land owners east of Burlington & Mt Vernon. Water would be backed up in those areas and food crops will now be needed. Will those who benefit will now be needed. Will those who to use be providing any financial aid? Doubt that's going to happen. nor does anyone seem to care. Represent all citizens should not just bigger cities and box stores.
