Remarks, Comments, Concerns

There is no question that Sedro Woolley should be involved in any decision making since it will have a big impact on businesses & homes in the Sedro Woolley area.

The people who will most likely be affected by this are the lower income people who couldn't afford to purchase flood insurance, let alone purchase another home.

Is this really what it has become? We think more of big businesses than we do of our own people. This has to STOP! Listen & work with the Sedro Woolley officials to make this decision work for everyone - particularly the home owners who live in the Sedro Woolley area.
