Hello,

I am Eric Hall and I was present for your presentation on 6/19 in Mount Vernon.

I spoke with an hydrologist who was present and I asked him for his estimate on the increased flood levels at our home at [REDACTED] River Vista Court in Mount Vernon when construction for the Comprehensive Urban Levee Improvement Alternative is completed. I don't remember his name and was hoping you would know and could share that with me please.

Thanks!

Eric
