### Remarks, Comments, Concerns

I live south of United Gen. Hospital on Sterling Rd in Sedro-Woolley. I was in the flood suit that we lost when it was determined that your neighbors, the government, who ever can do want they want to protect themselves even if it harms you. - The county had been slowly raising the dikes. I flooded in my house in 1990 and raised my house in 1991. The railroad track along highway 20 was ~~not~~ sandbagged then & in 1995 I believe. I have long thought that the water will never get higher than it has been at its worst, here, because it will go over the railroad track then.

I was appalled to hear that your plan may back water up into lower Sedro Woolley streets. Poor planning allows Malls, businesses etc to build in the flood plane then they get protection at other peoples expense! Outrageous

Public Review of Draft Feasibility Study and Environmental Impact Statement

June 6 – July 21, 2014

Is there anything additional that should be addressed or considered during this study? Please be specific.

Global warming is reducing glacier size, Will that play a part in high water? Are <sup>winter</sup> snow packs reducing?

Do you reside within the Skagit River Basin?  Yes  No

Would you like to be added to the Skagit River General Investigation Study mailing list?  Yes  No
