**Subject: Shoreline Substantial Development Permit PL12-0191
Summary of Effected Parcel Numbers**

Dear Mr. Dufford:

Following is the best summary I can provide of the effected parcels at this time.

P38223, P38305, P38304, P38302, P38307, P38220, P38308, P38303, P38219, P38221, P131210, P37946, P38287, P38289, P62370, P38227, P38222, P62742, P62686, P62685, P62743, P23487, and P62683.

Project foot print is the same as shown in the EIS. The work will be performed within rights-of-ways, fee title ownership and easements to Dike District 12. Not all right-of-way or Parcels owned by the District have Parcel numbers at this time. Some properties have been acquired through boundary line adjustment which does not change parcel numbers. Some new property has been acquired by purchase instead of previously anticipated BLA, so new parcel numbers need to be added.

The list of effected parcel numbers is different today than it was at the time of application. There will also likely be changes by the Assessor before the end of this project because there is at least one incorrectly designated parcel within the right-of-way portion. The Assessor does not have to correctly track ownership of the district in order to assess taxes correctly; therefore it is never a high priority to them.
