RE: Remand by Board of Commissioners of PL12-0191 Shoreline
Substantial Development Permit application by Dike District #12

Enclosed please find documentation recently received by this office from Dike District #12. In the days to come, the Hearing Examiner will provide to the parties a date for a pre-hearing conference.

I have scanned the materials received in order to deliver them to you quickly. However, there is quite a lot of information so it will come to you in two e-mails.
