DIKE DIST #12
PETE WALKER
1265 MC LEAN RD
MT. VERNON, WA. 98273

DEAR MR. WALKER,
HAVING NOTICED THE FILL ALONG THE SKAGIT RIVER, BETWEEN THE
TRESTLE AND OLD HIGHWAY 99 BRIDGE, I REQUEST THE INFORMATION
ON HOW LONG THE FILL WILL REMAIN. IF THIS IS PERMANENT; WHAT
STUDIES OF THE HYDRAULIC EFFECTS TO THE SOUTH DIKE (MT.
VERNON SIDE), AND THE NOOKACHAMPS AREA HAVE BEEN CONDUCTED,
AND BY WHOM? ALSO WHAT PERMITS, AND WHAT GOVERNMENT AGENCIES
HAVE GRANTED THEM?
NOOKACHAMPS AREA RESIDENTS, HAVING NOTICED ADDED FILL BEING
PLACED ON DIKES OVER THE YEARS, ARE EXTREMELY CONCERNED OF
WHAT EFFECT THIS HAS CAUSED, AND WILL CONTINUE TO CAUSE, ON
THE SKAGIT RIVER FLOOD FLOWS IN THE NOOKACHAMPS VALLEY.
PLEASE PROVIDE ME WITH ANY STUDIES YOU HAVE THAT WILL SHOW
THE EFFECTS.

SINCERELY,

Larry & Suzanne Gadois
