Anacortes, WA 98221

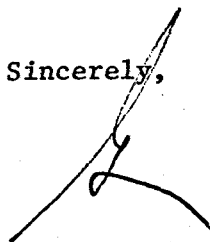

RE: Flood Control Funds

Dear Mayor Rice:

Thank you for your inquiry regarding flood control monies made available through the County's Revenue Sharing Fund. These monies have been set aside by the Board of County Commissioners for the purpose of matching project funds for dike and drainage districts and subflood control zones within the County and are not intended for the use of any other entity primarily because of the limited amount of money available and the source of these revenues.

The concept of matching funds was generated out of the Skagit River Flood Control Committee to particularly address issues raised by the Committee relative to needs of the various districts throughout the County. This is a matter of policy by the Board of County Commissioners. If you have any further questions concerning these funds, please feel free to contact me.

Sincerely,

  
W. Eugene Sampley, P. E.  
Director of Public Works
