James G. Bell, Secretary  
Whatcom-Skagit-Island Contractors ASSOCIATION  
Post Office Box 1343  
Bellingham, Washington 98225

Dear Mr. Bell:

This is in response to your letter of 15 November 1977 requesting information on the Skagit River Levee and Channel Improvements Project. I appreciate your interest in the Skagit River Levee Project and would be pleased to meet with your association at your regular dinner meeting on 12 April 1978 to discuss our studies and the work to be done along the river. Please advise if this date is satisfactory to you.

We are in an early stage of our studies and cannot determine how many contracts would be involved in completing the project. Construction would be initiated in Fiscal Year 1980 if continuity of funding is maintained.

I appreciate your interest in the project and look forward to meeting with you in April. If you have other questions regarding the Skagit River Levee Project prior to the meeting, please contact me at telephone (206) 764-3690 or Mr. Vernon Cook, Project Manager, at telephone (206) 764-3455.

Sincerely yours,

JOHN A. POTZAT  
Colonel, Corps of Engineers  
District Engineer
