SKAGIT GETS HUGE RIVER WORK FUND

Congressman Mon Wallgren reported this week that he had been instrumental in obtaining an appropriation of \$3,150,000 for building a spillway from Avon to Padilla Bay as a flood control project for Skagit county. The flood control bill which passed congress included this item. The bill now awaits the signature of President Roosevelt. To get this money, it is stated that this county will have to contribute a big sum for right-of-way and damage to property.
